

Welcome to San Bruno Park School District!

On July 1, 2020 I became Superintendent of San Bruno Park School District. I look forward to bringing my personal and professional experience and skills to embracing the challenges San Bruno Park faces, especially now with responding to the delivery of education in the time of COVID-19.

At an early age, and given my background as an immigrant, living in poverty, I became a public education activist, believing that all students must have equitable access to high quality educational outcomes. I am also a strong believer in the power of community and its necessary role in partnership with schools.

I am impressed with the strong community partnerships the District has and that, with the community engagement and support, the District has already embarked on significant transformation work: a) *Schools with Tomorrow Inside*, which addresses transforming aging facilities into centers where true 21st Century teaching and learning can occur, and b) *Portrait of a Graduate*, which identifies pillars to guide the District's strategic planning to achieve the following outcomes for students -- that they become Compassionate, Collaborative, Critical Thinkers, Contributors, Creative and Innovative, and Communicators.

I am excited to provide new leadership that will move these initiatives forward in the best interest of all of San Bruno's children, ultimately, enhancing the San Bruno community as a whole. Providing strategic direction for the redesign of the overall educational experience for students in San Bruno Park is an exciting challenge that I believe can infuse teaching and learning in our District with new energy and positive outcomes.

I look forward to working with our public schools and community to arrive at decisions that best serve the needs of San Bruno children. I invite you to join us on this journey of imagination, discovery, and success.

Sincerely,

Jose A. Espinoza
Superintendent
